

Run For Water 5K

Starts from the Doherty High School Parking Lot
299 Highland Street
Worcester, MA 01602

April 10, 2010 - Race starts 9AM

In Ecuador's rainforest, inhabitants face chronic health problems due to the consumption of contaminated drinking water; a reality that makes the lack of safe drinking water a leading health issue in the developing world. Last year, a team of students from MIT traveled to Ecuador's rainforest, where they worked successfully with a local water board team to bring rainwater harvesting technology to two Amazon villages. This year, the local water board team is hoping to expand its work on this project with your financial help! Please join us on April 10th for a 5K road race in support of this project.
